**Accreditation and Designation Statements**

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the American Society of Anesthesiologists® and the Uniformed Services Society of Anesthesiologists, with the Association of Veterans’ Affairs Anesthesiologists. The American Society of Anesthesiologists is accredited by the ACCME to provide continuing medical education for physicians.

The American Society of Anesthesiologists designates this live activity for a maximum of 8.5 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**Statement of Need**

**As the only military component society of the American Society of Anesthesiologists (ASA), the USSA represents and serves the unique needs and interests of uniformed anesthesiologists. Its purpose is to serve as a networking and educational platform for all branches of the armed services. The USSA fosters professionalism, education, and the exchange of ideas through its annual meeting.**

**Target Audience**

**Anesthesiologists, anesthesiology residents, and medical students who are currently serving in the armed forces, and other practitioners interested in trauma, disaster management, regional anesthesia, coagulation management and echocardiography.**

**Learning Objectives**

**At the end of this activity, participants will be able to:**

- **Explain the benefits of an ERAS protocol in their patient care.**
- **Construct an action plan for implementation of an ERAS protocol in their VHA facility.**
- **Apply the correct technique for fiber-optic intubations.**
